Trivia Whiz

A Floral Favorite

With more than 100 million of them grown for Valentine's Day alone, the rose is one of the most popular flowers in America.

There are at least 100 different species and thousands of varieties of roses. Hybrid tea roses make up the majority of the roses found in shops and home gardens.

President George Washington was the first U.S. rose breeder.

Technically, a rose's thorns aren't true thorns; they're actually prickles.

It's a tradition to convey a message by using a rose's color. For example, red is associated with romance, pink signifies gratitude, and yellow expresses friendship.

The rose is America's national flower, as well as the official flower of four states: Georgia, Iowa, New York and North Dakota.

Residents Enjoy the Nutcracker

This past Christmas season, the residents of Brookview enjoyed a jaw-dropping performance of the Richmond Ballet's interpretation of Tchaikovsky's holiday masterpiece, *The Nutcracker*. The evening was filled with grandeur spectacles of dance by the Ballet, set to the commonwealth's premier orchestral ensemble, The Richmond Symphony Orchestra. The show was held in one of Richmond's finest venues, the Carpenter Theater, which inspires memories of the past century of theater and culture in the commonwealth's capital. A dazzling show, set to a nostalgic and memorable soundtrack, was a definite crowd pleaser amongst Woodland residents, who yearned for more even as the curtains came to a final draw.

Holly Manor Angel Tree

This Christmas Season, The Woodland held an Angel Tree event for our residents. The staff participated by picking a name off the tree. All the angels were taken and at the Christmas Party, the residents received their presents with great enthusiasm.

Thank you to all the staff for their generosity and care of our residents.

Holly Manor Hand Bell & Singing Choir performed for the residents.
